

PROTECT YOUR HEART ONLINE

Stay in control

- ♥ **Protect your identity:** don't give away personal details that banks or other institutions use to verify your identity, such as your pet's or mother's maiden name.
- ♥ **Protect your reputation:** before you publish photos and information, consider that they may be made public by others.
- ♥ **Protect your physical safety:** check out advice about dating safely, and avoid posting or sharing information about your hobbies, house or job. Report and keep any concerning messages.
- ♥ **Protect your computer:** install anti-virus software and be suspicious of unfamiliar links or attachments in messages and emails.
- ♥ **Protect your money:** monitor your accounts and financial transactions, don't disclose financial details, and be wary of potential dates who mention needing financial assistance.
- ♥ **Protect yourself against legal action:** don't publish or send photos or messages that could be considered offensive.
- ♥ **Protect your family:** don't post photos or reveal information about family members, especially children.
