Condition	2

1 Title

This determination is the *Radiocommunications (section 145(3) Certificates) Determination 2000*.

2 Commencement

This determination commences on 4 December 2000.

3 Purpose

This determination sets out the condition that applies in relation to the issuing of a certificate under subsection 145(3) of the Act for any band.

4 Interpretation

In this determination, unless the contrary intention appears:

accredited person means a person accredited under section 263 of the Act to issue certificates for the purposes of section 145 of the Act.

the Act means the *Radiocommunications Act 1992*.

Section 145 determination means a determination of unacceptable levels of interference made by the ACA under section 145 of the Act for a particular band.

5 Condition

The condition for the issue of a certificate under subsection 145(3) of the Act, for a transmitter operating under a spectrum licence issued for a band, is that the accredited person is satisfied that the operation of the device will not cause an unacceptable level of interference as set out in the section 145 determination for the band.
