Dear Chris,

**RE: Proposed update to the Australian Radiofrequency Spectrum Plan**

The Communications Alliance Satellite Services Working Group (SSWG) welcomes the opportunity to comment on the ACMA *Proposed update to the Australian Radiofrequency Spectrum Plan* (ARSP) Consultation paper.

The members of the SSWG have reviewed the changes to the draft ARSP, reflecting the changes to international regulations made at the World Radiocommunication Conference 2019 (WRC-19), agreeing that they have been faithfully and correctly inserted. The SSWG would also like to commend the ACMA for providing the draft ARSP in a revision-mark-up format which has made the review progress considerably easier to perform.

The SSWG values the ongoing engagement with the ACMA in these consultations. If you wish to follow up on any issues, please contact Mike Johns on 0414 898 841.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'John Stanton'.

John Stanton  
**Chief Executive Officer**

**About Communications Alliance**

Communications Alliance is the primary telecommunications industry body in Australia. Its membership is drawn from a wide cross-section of the communications industry, including carriers, carriage and internet service providers, content providers, equipment vendors, IT companies, consultants and business groups. Its vision is to provide a unified voice for the telecommunications industry and to lead it into the next generation of converging networks, technologies and services. The prime mission of Communications Alliance is to promote the growth of the Australian communications industry and the protection of consumer interests by fostering the highest standards of business ethics and behaviour through industry self-governance.
