Dear Martin

Thank you for the opportunity to review the two docs. We have made a couple of minor suggestions. Please include or ignore as you see fit.

Kind regards

Stewart White

Dear Stewart,

Thank you for that – we will have a team of two drafted-in just to answer the emails to allow [REDACTED] to focus on normal service delivery.

I have attached our FAQs – please add to as required and a new template for good measure.

Many thanks,

Martin

**Subject:** RE: New Callsign Template. [SEC=OFFICIAL]

Dear Martin

Yes we are receiving a similar number of correspondence. The majority of which relate to: how do they get a 3 letter call sign and complaints about the cost (ACMA costs) of changing from 4 letter suffix to 3 letter suffix call signs.

Please let us know if there is anything we can do to help with your situation. We are happy to review your FAQ's if required. Depending on the common theme in the correspondence you are getting we could put out another AMCA e-bulletin to address any confusion.

Kind regards

**Stewart White**

**Subject:** New Callsign Template.

Dear Patrick,

Just to let you know that the changes to the call sign template have generated about 200 emails and the phones have been ringing non-stop.

You might be having a similar experience on your side.

We are just about to put up some FAQ's on the website in an attempt to stem the tide and also letting the community know that callsign change requests will be dealt with 'in due course'.

Long term this will be a positive change but for the moment [REDACTED] and myself will be answering all the emails to allow [REDACTED] and [REDACTED] to focus on core business.

Best wishes,

Martin
