Public Officer

Response to ACMA re- timing arrangements.

Dear Sir/Madam,

Our first preference would be only one TCBL for the Hawkesbury, we are now compiling information that came to hand involving activities of the other TCBL's and will send this material to ACMA. Right now, we will attach correspondence from and to the TCBL's which we received and sent.

Evidence will be available in the coming weeks to strengthen our claims. Our people has spent over \$100,000 building a station for the Hawkesbury one which can be trusted and is always open to the community as we are now. We have so much local support with Harmony FM. Our preference for timing is MODEL D, 2 Services, and HHCRA's preference is B in this model.

We say this because on Saturdays our station will be assisting local sports and we are involved with HCNA which currently is by far the largest sport in the Hawkesbury (124 teams). We have assisted with their fund raising and other programs in the past and have local people reporting on games. The station before us did league games for years and has totally ignored other sports. The local league has not started and will not start this year. Also, we are on air on a Wednesday at this moment and have a large following for our current programs. We believe Wed to Sat would suit HHCRA Harmony FM.

Thanking you

Mary Jane McMahon
