Re: Review of non-assigned amateur and outpost regulatory arrangements – consultation 01/2021

Dear Spectrum Licensing Policy Section Manager

Thank you for the opportunity to comment on the Review of Non-assigned Amateur and Outpost Regulatory Arrangements – Consultation 01/2021. I provide the following responses to the consultation paper:

I have considered the following options under review:

- **Option A:** keep the existing apparatus licensing arrangements and licence conditions.
- **Option B:** simplify the current licensing arrangements and licence conditions by amending the amateur LCD.
- **Option C:** transition to class licensing arrangements for non-assigned amateur stations, with assigned amateur stations continuing to be authorised under apparatus licensing.

I only support Option C

In regards to the other issues and questions raised, I have read the WIA's response to the ACMA Review Consultation and I **do not** support all the responses and recommendations presented by the WIA in their response.

Yours sincerely
