Subject: Draft spectrum reallocation recommendation for the 26 GHz band

Dear Madam, Dear Sir,

IPSTAR Australia Pty Ltd ('IPA') would like to thank the Australian Communications and Media Authority ('ACMA') for providing an opportunity to comment on the issues set out in the draft spectrum reallocation recommendation for the 26 GHz band.

In this submission, from our review of the paper and taking into account IPA's gateway operations at Kalgoorlie and Broken Hill, IPA is of the view that protection of IPA's gateways at Kalgoorlie and Broken Hill shall be ensured by conditions to be determined of Wireless Broadband Service (WBS).

In this regard, we look forward to participating any relevant technical study group that will be arranged by ACMA for developing the license conditions and any related matter.

Yours sincerely,

Shannon Fisher

General Manager

IPSTAR Australia Pty Ltd
