Attention: Hugh Clapin,

Dear Hugh,

This is to bring you up to date with our efforts to secure a merger (or two) in this area with other TCBL holders ..

[A] We have been unable to get rational discussions started with either Harmony or CAMS. [REDACTED]

[B] We have been working quietly to build co-operation with Hawkesbury Gold and we are about to have our first outward sign of this work.

Starting this Saturday, 19<sup>th</sup> September, we, HRCA, are going to provide the content for Saturday midday through to Saturday midnight for Hawkesbury Gold. We will be transmitting from our studios but using Gold's identity. Gold will take our streamed signal and transmit it from their antenna. Our own transmitter at Kurrajong Heights will still turn off at the appropriate time as at present and as our licence requires. Hawkesbury Gold are sending us their station IDs and jingles so we can add them to the live stream.

It will be something of a challenge to change our habits and not call ourselves Hawkesbury Radio during this period, not play our own stings and station IDs, but become Hawkesbury Gold for this 12 hour interval. Our presenters have been briefed that they must give the listeners and Hawkesbury Gold the best radio we can do.

We just wanted you to be aware of what's happening so it doesn't take you by surprise when you hear familiar voices on Saturday PM calling themselves Hawkesbury Gold.

Cheers  
Mike Kear  
Secretary,  
Hawkesbury Radio Communications Association Inc.
