Hi Mark,

I spoke to Allan about this matter. His view, which aligns with my own, is that we should write to [REDACTED] advising [REDACTED] that we will instruct the AMC to not allocate VK3KI to any other person other than [REDACTED] on the provision that [REDACTED] obtains her advanced amateur qualification by 30 September 2022. If [REDACTED] does not obtain her qualification by this time, we will advise the ACMA to make the callsign available for allocation. We will separately write to the AMC advising them of our position on the callsign and instructions to them in relation to its issue. Can you please draft emails to [REDACTED] and the AMC accordingly?

Regards,

Patrick
