

Australian Radiofrequency Spectrum Plan 2021 Decision under subsection 10(10)

Pursuant to clause 10(10) of the *Australian Radiofrequency Spectrum Plan (ARSP) 2021*, I, Christopher Worley, delegate of the Australian Communications and Media Authority, being satisfied that use of the radiodetermination service for vehicle speed radars in the frequency range 24.25– 24.316 GHz;

- (i) is an unspecified service in respect of the 24.25– 24.65 GHz frequency band in the Australian Table of Allocations in the ARSP; and
- (ii) is unlikely to cause harmful interference to another service;

approve the 24.25– 24.316 GHz frequency band for use by the radiodetermination service for the above-stated application. This approval was communicated by email on the 21st December, 2022.

Dated 05/01/2023

Christopher Worley
Acting Executive Manager
Spectrum Planning and Engineering Branch
Communications Infrastructure Division
