Dear Cathy,

Gold Coast Christian & Community Broadcasting Association Ltd (4CRB) change to community of interest

Thank you for the opportunity to provide our views on Gold Coast Christian & Community Broadcasting Association Ltd (4CRB) request to change the community of interest it represents from 'senior citizens' to 'general' in the Gold Coast RA1 license area.

4CRB has increasingly engaged with First Nations, culturally and linguistically diverse, people who are blind or have low vision and youth communities in its local area. The CBAA supports 4CRB's position that changing their community interest to 'general' would enable it to better represent the community it serves.

We thank the ACMA for its work on this consultation and its continuing engagement with the sector. Should you wish to discuss this further, please do not hesitate to contact Reece Kinnane, CBAA's Head of Advocacy and Communications at reece.kinnane@cbaa.org.au or via (02) 9318 9621.

Best regards,

Jon Bisset
Chief Executive Officer
