

**Australian Radiofrequency Spectrum Plan 2021
Decision under subsection 10(10)**

Pursuant to clause 10(10) of the *Australian Radiofrequency Spectrum Plan 2021*, I, Chris Worley, delegate of the Australian Communications and Media Authority, being satisfied that use of the radiodetermination service, for the operation of optical ground stations, located within the Mingenew Earth Station Protection Zone, that transmit and receive optical beams to/from non-geostationary orbit satellites for pointing and alignment purposes in 187–195 THz frequency band;

- i. is an unspecified service in respect of the 187 to 195 THz frequency band; and
- ii. is unlikely to cause harmful interference to another service;

approve the 187–195 THz frequency band for use by the radiodetermination service.

Dated: 08 February 2024

Chris Worley
Acting Executive Manager
Spectrum Planning and Engineering Branch
Communications Infrastructure Division
