## **1. GRANT OF PERMIT**

The Australian Communications and Media Authority grants, under subclause 69(1) of Schedule 3A, a non-protection zone installation permit to PIPE International (Australia) Pty Ltd (PIPE).

This permit is granted subject to the conditions in section 4 of this instrument.

## **2. SCOPE**

This permit enables the holder to install a submarine cable in Australian waters (other than in a protection zone or coastal waters of a State or the Northern Territory).

Note: See definitions of “Australian waters”, “protection zone” and “coastal waters” in clause 2 of Schedule 3A of the *Telecommunications Act 1997*.

## **3. DURATION**

This permit remains in force until the 22 day of May 2010.

## **4. CONDITIONS**

This permit is granted subject to the following conditions:

In relation to the installation of a submarine cable or cables in Australian waters, other than in a protection zone or the coastal waters of a State or the Northern Territory,

- PIPE must not install a submarine cable or cables outside the area extending  $\frac{1}{2}$  a nautical mile (or 926 metres) either side of the points forming the route position list set out at Attachment A; and
- PIPE must comply with the conditions set out in Division 4 of Schedule 3A of the *Telecommunications Act 1997*.

Note: An installation, or that part of an installation, that occurs in coastal waters of a State or Territory will come under the jurisdiction of relevant State or the Northern Territory authorities. This condition does not apply to the installation insofar as it occurs within coastal waters. Coastal waters is defined in clause 2 of Schedule 3A of the *Telecommunications Act 1997*
