Hello [REDACTED]
Thank you for contacting the Australian Communications and Media Authority (ACMA).
Your enquiry has been escalated to the relevant line area for an expert response. Should the line area require additional information they will contact you directly.
As this enquiry requires an expert response, it may be some time before you receive a reply.

Kind regards,

Maudie

Comments: Is it illegal to use UHF talk channels in another language other than English. For example, if a company operating in a metro area has all employees speaking one particular language, are they permitted to operate on that channel and converse in that language. What are the current regulations, if any, pertaining to this and can you please direct me to them specifically. I already know vulgar language is banned, but nothing beyond that. Thanks.
