Dear Madam/Sir,

Telstra submission to ACMA consultation on: *Proposal to remake the sunseting space object determinations and space object class licence*

We thank the ACMA for the opportunity to provide our views to the consultation on ***Proposal to remake the sunseting space object determinations and space object class licence***.

We have reviewed the ACMA's proposal to remake both determinations and the class licence, and have also reviewed the proposed amendments to the three instruments. We support remaking all three instruments and the ACMA's proposed amendments to those instruments.

Yours sincerely,
