AMSA response to the remake of Maritime Ship LCD and Minimum Age Declaration.

Dear Anneke,

The Australian Maritime Safety Authority (AMSA) welcomes the opportunity to provide feedback on the review of the draft *Radiocommunications Licence Conditions (Maritime Ship Licence) Determination 2025* (Maritime Ship LCD) and draft *Radiocommunications (Certificates of Proficiency – Minimum Age) Declaration 2025* (Minimum Age Declaration).

AMSA staff appreciate having the opportunity to engage with the Australian Communications and Media Authority (ACMA) during the development of the draft versions of the Maritime Ship LCD and Minimum Age Declaration.

AMSA's proposals have been reflected in the drafts and we have not identified any further amendments.

We acknowledge that further consultation in Q1 2025 will be undertaken on other maritime instruments identified in the ACMA's Five-Year Spectrum Outlook 2024–2029, and we look forward to further collaboration on these instruments.

Yours sincerely

Greg Pusey
