Subject: Free TV Australia "Alcohol advertising"

[CAUTION - EXTERNAL]

From: [REDACTED]
Subject: Alcohol advertising

Message Body:

Hello, I would like to express my disappointment and anger at the advertising that occurs during programs and sports that children may well be watching. Exposure to the promotion of alcohol is totally inappropriate for children as they have no awareness of the dangers to their health and development that alcohol impairs. Their neurological function does not enable them to understand the long term effects on their future health and lifestyle choices once alcohol is part of the mix. This is a form of child abuse, and not responsible behaviour all for the mighty \$\$\$\$.

'Protections for children to ensure they are not exposed to inappropriate material' you are not Protecting our children to ensure they are not exposed to inappropriate material!! Shame on you.

I hope more people choose to turn their backs on free to air TV as you certainly don't have our backs.

Get serious and clean up your act.
