Subject: Free TV Australia "Advertising Alcohol"

[CAUTION - EXTERNAL]

From: [REDACTED]
Subject: Advertising Alcohol

Message Body:

An increase in alcohol advertising hours in Australia. For the mental & physical health of Australians of all ages, Australian legislators should be dramatically reducing alcohol advertising & should not consider any request for more hours.

The goal should be zero alcohol advertising hours in Australia as soon as possible. A similar move greatly helped Australian health in the banning of advertising for smoking/ cigarettes/ tobacco. A similar action against alcohol advertising would be a gift of improved health & domestic finances to Australians.
