Message Body:

As a Counsellor and in my personal experience, I can say that Alcohol and Gambling are a major cause of Domestic Violence and family breakdowns .

I have had to console a client because her husband had gotten drunk and gambled away the rent and food money for the fortnight. An aunt's marriage also broke down due to the same circumstances. Her husband could not bring home a pay packet. She had to tell him that if he couldn't support his family, don't bother coming home.

I also used to work in hotels, and the culture of alcohol and sport is horrible. Even now if I want to watch a sports match, I am bombarded with alcohol and gambling advertising.
