Message Body:

Dear Sir / Madam,

I watch free to air television including live sport.

I do not want to see advertisements for alcohol and gambling when I am watching live sporting events.

I do not want to witness any association between healthy sport AND alcohol and gambling.

Both alcohol and gambling cause multiple harms to individuals, families and communities. Being drunk, spending money on alcohol, and losing money from gambling put strain and stress on individuals and families. There are no positives.

I realise that alcohol and gambling are legal pursuits and addictions that bring significant revenue to state and federal governments. However, I do not want them to be associated with sport.

I also want the revenue from alcohol and sport to be directed to organisations like Drug ARM which assist persons and families adversely affected by alcohol and gambling.

[REDACTED] Drug ARM
