Message Body:

I absolutely oppose any promotion of products of addiction - alcohol or gambling. Current "childrens viewing" times are grossly inaccurate and the allowance of relaxed approached such as if linked to sport is completely offensive, misleading and lacks any leadership or protection of our public or children. Research clearly outlines the impacts these have on our children and population, all to make money of large industry. Politicians and industry leaders and codes- need to uphold the health, wellbeing and safety of our community members above all else. There so be no extension or allowance of promotion of these products- and in fact there is an overwhelming amount of evidence that is being completely ignored- which presents a strong case that these regulations should be tightened- with a complete ban on both alcohol and gambling.
