[CAUTION - EXTERNAL]

From: [REDACTED]  
Subject: Alcohol ads

Message Body:

The way alcohol is advertised requires a change. As general practitioner I see the direct and indirect harms of alcohol misuse daily. We, as a society have normalised it for too long. By increasing the hours of alcohol ads where vulnerable people and children are exposed to it, will increase and not decrease its misuse. The public has the right to true and evidence based health facts. Alcohol intake is harmful.
