Subject: Alcohol advertising

Message Body:

I am concerned by the amount of alcohol advertising that occurs during sporting events on TV. My children often watch sporting events during afternoon early evening TV slots especial AFL and Big Bash Cricket. The amount of alcohol advertising they see is concerning. Considering we do not consume alcohol in our house the amount they see is concerning.

I am also concerned by the news that commercial TV wishes to extend the number of hours that can be shown is proposed to be increased by 800 hours per year. I fear this will lead to an increase in alcohol consumption which in turn leads to an increase in mental health issues and domestic violence.
