Subject: Alcohol and gambling advertising. Political bias on television.

Message Body:

Advertising alcohol and gambling should be banned completely and absolutely. Governments receive significant revenue from these advertisements. Free to air television also derives considerable revenue from such advertisements. Political bias is also obvious in commentary on television. It is obvious on Shy News but the ABC is not free of political bias. The person who makes a comment on government policy should have to declare any affiliation with a political party especially during election campaigns.
