2025 ACMA Awareness Day calendar - ideas

National Reconciliation Week

- Ngunnawal language 'Acknowledge of Country': Thunderstone

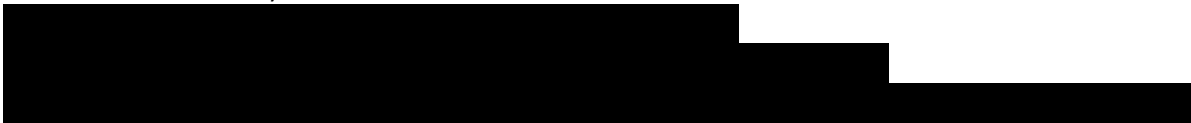

International Day of People with Disability

- Guest speaker

High level ideas/thoughts

- Balancing D&I (Diversity Council Australia Calendar), Calendar of Cultural and Religious Dates and WHO Global Health Days
 - New: hidden disabilities and neurodiversity
 - Can we use workforce data to inform our focus/days to best reflect our workforce and/or our consumers (assume we do this already, but another look)
- 

[D&I Days & Dates - Diversity Council Australia](#) – World Braille Day (Jan), International Day of Women and Girls in Science, International Mother Language Day (Feb), Neurodiversity Celebration Week (17 – 23 March), Racial Discrimination (also March), Disability Pride Month (July), Non-Binary Day (July), International Day of Sign Languages (September), Invisible Disabilities Week (October),
[2025 Calendar of cultural and religious dates](#) – Lunar New Year again (?), International Mother Language Day (Feb), Holi (Hindu),
[WHO global health days and campaigns](#) – more linked to wellbeing rather than this calendar of events
