Hi Autumn,

Thanks for the chat on the phone just now. As you've seen, the ASX release notes among other things the two weeks for Kyle to potentially remedy.

Appreciate that the ACMA has also begun considering how the Condition and EU may be impacted, if there is no KJ Show or if either were to appear individually.

We're also in the early stages of considering the impact, including for the draft EU on complaints handling procedures, and the proposed licence conditions relating to the Show, including the concept of there being an independent audit of the Governance Framework relating to the Show.

I'll give you a call in a fortnight after this period is complete, to give you a status update as this may inform the appropriate changes. In the meantime, please feel free to give me a call with questions.

Best regards,  
Jeremy
