# Timeline for the National Capital Authority's (NCA) consultation processes:

**Early Works (first stage)** see also **Consultation Report**

19 March 2021 and 30 April 2021- Public consultation was undertaken by the NCA.

- The NCA received a total of **601 submissions** for this works application.
- Of the submissions:
    - **3** respondents **supported** the works;
    - 590 respondents expressed concerns about some or all of the proposal; and
    - 8 respondents provided a neutral response but raised concerns or questions.
- Due to the high national interest in the AWM early works, the NCA extended the standard notification timeframe (15 business day) to 30 business days (between 20 March 2021 and 30 April 2021)
- Following the close of public consultation on 30 April 2021, the NCA requested further information on the proposed tree removal and replacement planting from the AWM. The NCA received an Early Works Landscape Plan that indicated there are currently 595 existing trees within the AWM Precinct. A total of 455 trees are to be retained, while 140 trees are to be removed as part of the project. The NCA will require that the AWM plant a minimum of an additional 250 native trees as a condition of approval for these works. New trees will be required to be specified as advanced stock. The AWM provided a tree replacement plan, noting this will form part of a separate and future works approval application. The full landscape plan describing the species and location will form part of the public realm works application to be submitted to the NCA in 2022.
- The NCA was satisfied the proposed landscape replacement strategy addresses the concerns raised during the community consultation.
- These works also include excavation, the relocation of services and the demolition of Anzac Hall.

4 June 2021 the NCA approved the early works application.
